+91 8883232709 • achunithin97@outlook.com • [LinkedIn](#) • Erode, Tamil Nadu, India

■ PROFESSIONAL SUMMARY

WordPress Developer with hands-on experience designing, building, and optimizing 15+ live business websites across valve manufacturing, retail, hospitality, and eCommerce clients. Skilled in custom theme/plugin development, Elementor, WooCommerce, and site-speed/SEO optimization. Comfortable working independently in async, remote-first environments using tools like Slack, Trello, and Git. Currently expanding into React and Python backend development to deliver full-stack solutions.

■ CORE SKILLS

- WordPress, WooCommerce, Elementor, WPBakery
- Custom Themes & Plugins, ACF
- HTML5, CSS3 (Flexbox, Grid), JavaScript
- SEO & Core Web Vitals optimization
- Git, GitHub, cPanel, FTP, MySQL, PHPMyAdmin
- Responsive / mobile-first design
- Remote collaboration: Slack, Trello, Google Workspace
- Growing: React, Python (backend), AI tools

■ WORK EXPERIENCE

WordPress Developer — Hunky Dory Solutions

Sep 2025 – Present | Full-time | IT & Business Services

- Delivered live client websites including Murthy Sewing Machines, G S Traders Sewing, Hunky Dory Solutions, The Gift Marche (Shopify), SDE Hyderabad, K Somu Chetty, and Anju Mugan Foods.
- Developing and maintaining custom WordPress and Shopify websites for business and corporate clients.
- Customizing themes and plugins to align with brand and functional requirements.
- Optimizing site performance, SEO, and mobile responsiveness across live projects.
- Collaborating with cross-functional teams to deliver client-ready web solutions on schedule.

WordPress Developer — SVR Global Solutions

Jul 2025 – Sep 2025 | Web Development & IT Services (global & national clients)

- Designed, developed, and maintained custom WordPress websites for business clients — 10+ launched to date.
- Customized themes and plugins to match project specs, ensuring high design and functional consistency.
- Optimized sites for speed, scalability, and SEO; achieved 100% mobile/cross-browser compatibility across all projects.
- Reduced deployment time by 30% by standardizing free-theme/plugin workflows without sacrificing quality.
- Managed live-site monitoring, troubleshooting, backups, security, and migrations.

Volunteer — Non-Profit Web Development

- Delivered modern, user-friendly WordPress sites for local non-profits, improving community outreach and engagement.

■ LIVE PROJECT PORTFOLIO
