Nithin Krishnan

WordPress & Shopify Developer

● Open to remote roles

Profile

WordPress and Shopify developer who has launched 15+ live business websites across manufacturing (B2B), retail, food and eCommerce. I build custom themes, WooCommerce stores and fast, SEO-ready sites that work on every device, and I work well independently in remote, async teams using Slack, Trello and Git. I also create AI-assisted video and music content for my own YouTube channel, and I'm growing into React and Python to deliver full-stack solutions.

Work Experience

WordPress Developer

Sep 2025 - Present

HUNKY DORY SOLUTIONS

- Built and launched 7 client websites in WordPress and Shopify, including The Gift Marche, SDE Hyderabad, K Somu Chetty and Anju Mugan Foods.
- Customised themes and plugins to match each brand and functional brief, delivering to deadlines.
- Improved speed, SEO and mobile layout on live client sites.
- Handle client changes, bug fixes and updates after launch.

Founder & Content Creator

Ongoing

TIKKO KUTTY · YOUTUBE

- Run a Tamil kids channel with original songs, characters and animated videos made with AI tools such as Suno and Google Flow.
- Grew the channel to 4.7K subscribers and 98 videos; one Short has passed 6 million views.

WordPress Developer

Jul 2025 - Sep 2025

SVR GLOBAL SOLUTIONS

- Designed and launched 10+ WordPress sites for B2B and manufacturing clients, including African Valve, Middle East Valve and Speciality Valve.
- Cut deployment time by 30% with reusable starter templates and a standard plugin stack.
- Delivered fully responsive, cross-browser-tested sites with speed and SEO optimisation.
- Managed monitoring, troubleshooting, backups, security and migrations for live sites.

Volunteer Web Developer

Non-profit

- Built modern, user-friendly WordPress sites for local non-profits to improve community outreach.
